RFP Basic Needs

For Fiscal Year 2024-2025

Board Approved: July 6th, 2018

The United Way of Northwest Illinois aspires to be the critical link which brings together our diverse communities to build stronger, healthier and more sustainable communities as cost effectively as possible.

United Way of Northwest Illinois, Inc.
Serving Jo Daviess, Stephenson, & Carroll Counties

This Request for Proposal (RFP) describes United Way of Northwest Illinois' (UWNI) grant-making program, in support of short-term Basic Needs. Grant information, eligibility criteria, and the procedures to follow in submitting your application are included. Please review these guidelines carefully.

Purpose

UWNI is seeking Requests for proposals (RFPs) for its Basic Needs Grant Program. These grants will support programs and services that provide temporary and short-term food and shelter, to stabilize those individuals and families faced with barriers in being able to meet their immediate needs due to loss of employment, housing, domestic violence, etc.

UWNI recognizes that when an individual is unable to meet their basic needs, it becomes more difficult to focus on long-term goals such as education, employment or housing. United Way of Northwest Illinois wishes to assist those in need with services and assistance through local agencies and programs to bring back the stability they need to get back on track.

Organizations should not approach this application with the expectation of ongoing annual operating support.

Grants will be awarded for a period of 12 months. The purpose of the Basic Needs Grant Program is to support and sustain strong communities in Stephenson, Jo Daviess and Carroll Counties.

The Basic Needs Grant program has two focus areas to assist people in meeting emergency and basic needs. The grants are intended to fund intervention-related activities that address short-term client needs (as opposed to the long-term prevention related strategies of Collective Impact in the areas of Education, Health and Financial Stability).

Programs seeking grants in the Basic Needs focus areas are required to collaborate with, and refer to, UWNI Community Impact Initiatives where appropriate to help move individuals toward long-term self-sustainability.

Shelter: Short-term housing for people who are: homeless or escaping domestic violence.

Food: Support short-term food assistance for people facing economic hardship and/or isolation (homebound), with the goal of moving them to food security. This will include food pantries, meal services, and completing SNAP applications.

The mission of United Way of Northwest Illinois is to mobilize people and resources to strengthen our communities. As an organization, we advance this mission by connecting all segments of the community toward achieving the goal of producing healthy, well educated, and economically stable individuals and families. We accomplish our work through grant making, volunteer engagement, community engagement and public policy and advocacy.

Our strategic plan envisions a thriving, caring region where individuals have opportunities to realize their human potential, are economically self-sufficient, and contribute collectively to improve the quality of life in their communities. We also remain aware of the need to help people of all ages who are struggling to obtain their basic needs when faced with a life altering event.

Overview of the Basic Needs Grants Program

The Basic Needs Grants Program funds emergency and short-term services provided by organizations having an office in and serving the people of Stephenson, Jo Daviess or Carroll counties. The organization's grant-making programs are one of several ways that UWNI provides support for the communities and people in our region.

United Way of Northwest Illinois Community Impact

For UWNI, Community Impact is about improving lives by mobilizing people to create lasting change through increasing educational outcomes for children and youth, assisting families to become economically self-sufficient and improving the health and wellness of our community. In addition to focusing on long-term sustainable change by targeting its work in support of community outcomes in the areas of Education, Financial Stability and Health, UWNI continues to invest in Basic Needs to assist individuals and families facing life changing situations to get back on their feet (stabilization) and on the road to Economic Self-Sufficiency.

The Basic Needs RFP is focused on meeting needs of people moving toward security and stability.

All funded partners are required to:

1. Clearly define how the program aligns with the outcomes identified in this RFP
2. Demonstrate the match between current community needs and the proposed program Services
3. Clearly define pro-active outreach strategies to connect with "hard to reach" populations e.g. senior citizens, veterans, residents in rural communities, and etc.
4. Clearly define how UWNI support will enable the organization to maintain existing programming and state if United Way dollars can be leverage for obtaining other funding sources.
5. Report on at least one unit of service as defined by UWNI
6. Use UWNI funds to maintain, add to or improve services, not to fill gaps in funding left from government cuts or use for debt reduction
7. Participate annually in a United Way workplace fundraising campaign
8. Participate in UWNI social media campaigns to increase public awareness of regional resources

Basic Needs Grants Support the Following Services

Shelter

UWNI funds will be used to fund qualifying organizations that provide direct short-term shelter focused on moving individuals and families who are homeless to shelter within the UWNI covered area or that indirectly through information and referral enhance access to short-term shelter. This may include, but is not limited to, individuals or families who are homeless because of financial hardship, and survivors of domestic violence.

Food

UWNI seeks to reduce food insecurity by supporting programs that indirectly through information and referral enhance access to short-term food assistance or directly assist clients who are in need of food assistance due to economic hardship or isolation (homebound), and move them to food security. This will include food pantries, meal services, and assistance with completing SNAP applications.

Units of Service

Funds through United Way of Northwest Illinois Basic Needs Program are expected to help maintain the amount of people that you currently serve or to provide additional services to people you currently assist. UWNI evaluates your performance by using Units of Service that you will provide as well as the collaborations formed and utilized to move individuals toward stability.

Please select each **Unit of Service** below that you will report on if you receive this grant:

1. # bed nights
2. # meals served
3. # bags of food distributed
4. # of Information and referrals made to secure shelter and food assistance and success of moving referred individuals toward stability and security.

For example:

- “We will use United Way funds to serve approximately 500 meals from July 1, 2024 through June 30, 2024.” The Unit of Service that best fits is 2 “# of meals served.”
- “We received 300 information and referral request for food assistance. 200 of the referrals received the service from a local food pantry and their need was met” The Unit of Service that best fits is 4 “# of information and referrals made to secure shelter and food assistance with the success of moving referred individuals toward stability and security.”

Availability of Funding and Eligible Uses

Grant Amounts

Grant amounts will be determined based on the availability of funds through our annual fundraising campaign and the impact of the proposed program.

Allowable Uses of Funding

- A. Direct program-related expenses: Funding requests should represent a reasonable proportion of direct program versus indirect program expenses.
- B. Up to 15% for administrative overhead (Accounting, HR, Utilities, etc...)-UWNI recognizes that administrative overhead is critical for nonprofit organizations to be effective in their work. (For example, a grant proposal for \$25,000 should include no more than \$3,750 for Indirect Expenses and Administrative Overhead).

Non-allowable Uses of Funding

1. Capital projects and/or campaigns
2. Debt reduction and funding gaps
3. Academic research
